## ***Akzo Salt Inc. Changes its Name***

Akzo Salt Inc. has changed its name to Akzo Nobel Salt Inc. Earlier this year, Akzo Salt Inc.'s parent company, Akzo nv merged with Nobel Industries, making Akzo Nobel the ninth largest chemical company in the world.

The Nobel name has a very proud tradition and we are pleased to be a part of that tradition. Other than a name change, there will be no effect on the salt business. Our vendors, customers and employees can expect our continued emphasis on quality and service.

Our Federal Identification No. also remains the same: 24-0620212.
